- LSS along with LSS employees, sponsored Colton in the Jump Rope for Heart fundraiser he participated in at school. Colton dedicated his jump roping to his Grandfather who survived 2 heart attacks Oct 2018.

Earth Day 2019

Earth Day is April 22 and it is because of our clients that Land Shark Shredding is able to help save our earth's resources each year.

In the past year...

- Land Shark Shredding destroyed **1,224 tons of paper (i.e. 2,448,000 pounds)**.
- Of this total, ALL was **100% recycled** into new recycled paper products.
- This amount of destroyed and then recycled paper equates to the equivalent of **20,800 mature trees** which would have been required to cut-down to manufacture the equivalent amount of paper.

We are proud to say that is because of our clients choosing to have their products destroyed through us that we are able to keep our planet, air, soil, oceans, landfills, etc. clean for generations to come.

Recent News and Shoutouts

This spring season has been full of celebrations and we want to make sure to keep you informed about what is happening both in and out of our office.

- Emily Braün has been recognized as a finalist for the **ATHENA Young Professional Award**. Reception and announcement of the recipient of this award will be held on May 7th. We are so proud of her work in the Bowling Green community and proud to have her on the Land Shark team!
- This past month, Land Shark Shredding employees participated in a team building activity at **Mind Benders Escape room**. Although neither group escaped, a great time was had by all.

- April also means that our national trade association held their annual conference. This year the **NAID/iSIGMA conference** was held in Denver, Colorado. We are so proud to have our President and CEO, Don Gerard, on the board of directors of iSIGMA

- Emily Braün and Don attended the conference and Don even served as a panelist for a few breakout sessions

Company Update:

- We have recently closed five multi-year contracts with the federal government. Four are with the second largest department in the federal government, for which we have been executing contracts for many years. The fifth represents our first contract with the Center for Disease Control. The contracts are for work in **Maryland, New Hampshire, Georgia, Tennessee and Michigan**.
